Dianne Reeves — *Quiet After The Storm* (Blue Note/Capitol)

Jazz vocalist and budding pop diva Dianne Reeves once again dazzles the ears with her comforting vocal warmth. Like her past projects, *Quiet After The Storm* continues to feature a range of styles. "Nine" stands as another of her classics, in the vein of "Better Days" and "Never Too Far." Mentioning each high point on the disc would be a long-winded exercise. This George Duke production also features an amazing performance by David Torkanowsky on piano, as well as appearances by Joshua Redman, Roy Hargrove, Kevin Eubanks, Terri Lyne Carrington, and many more. — Kimberly Steger
